No. ADM/DM/MFP/423/2024/ ३ ५ ३   Date: -08/06/2024

ADVISORY

In wake of upcoming monsoon, the District Administration of Dadra & Nagar Haveli is prepared for any impending situation. The District Emergency Operation Center (DEOC)/Flood Control Room (FCR) at DNH District Disaster Management Authority 4th Floor, District Secretariat, DNH, Silvassa is operational 24x7 hours, monitoring daily rainfall, release of water from Madhuban Dam, keeping track of warning and alerts issued by Indian Meteorological Department (IMD) and attending to citizens' complaints.

Citizens are strictly advised to remain alerts and stay indoors during heavy rain, refrain from going near the river area, be safe and follow the warning and alerts issued by the department from time to time.

Public may contact the below mentioned contact numbers for any updates, information, grievances or complaints regarding heavy rain, water logging and any other severe flood like incident.

Toll Free No. Flood Control Room	1077
Land Line No	0260-2412500
Mobile No	87800 01077
Email id	dmc-dnh@nic.in & Dmc.dnh.ut@gmail.com

Furthermore, for real time weather warning people are advised and encouraged to install **Damini: Lightning Alert** –for giving warning to the user about the lightning on the basis of user location and **SACHET application** which acts as alert dissemination media for the common people before, during & after any disaster. Both of these applications are available on Google Playstore and Apple Appstore.

The latest updates on daily rainfall, Madhuban Dam water level, release and alerts are also updated through social media handles (@CollectorDnh & @DNHDMA) on X.
